

Software packages for the Super Bigbite Spectrometer experiments

E. Fuchey

February 11, 2021

Abstract

_i 1 Introduction to the SBS software

2	2	G4SBS simulation
3	2.1	Description and features
4	2.2	Hits

5	3	Simulation digitization
6	3.1	Description and features of libsbsdig
7	3.2	Digitization algorithms
8	3.2.1	GEMs
9	3.2.2	PMT detectors
10		with ADC only
11		with TDCs
12	3.3	Background addition

13	4	SBS-offline analysis software
14	4.1	Description and features
15	4.2	interface with digitized simulation
